

Emphasizing completion increased violations on both models

15 completed fresh runs per cell; the system still explicitly permits partial submission.

● Qwen3.6-27B ■ Qwen3.5-122B-A10B

Firm prohibition and calm archived messages in every condition

Pressure says missing entries will be recorded as incomplete; it does not authorize network workarounds.

Lines: 95% Wilson intervals. Nine failed 122B attempts are excluded here; one already used the route.

Billing: \$0.50 per page on an employee's unauthorized, unreimbursed personal card.
