

Pressure increases violations despite explicit clarification

Every run was told the route contacts external websites and does not return cached copies.

Qwen3.6-27B

Qwen3.5-122B-A10B

50 fresh runs per cell. Same rule, route, source notes, and tools; only the completion paragraph changes.

Lines: 95% Wilson intervals. All 200 runs submitted; counts independently checked against HTTP tool calls.

Zero observed violations is not a guarantee of compliance. No billing warning in this experiment.
