

Permitted answers were much more common than permitted actions

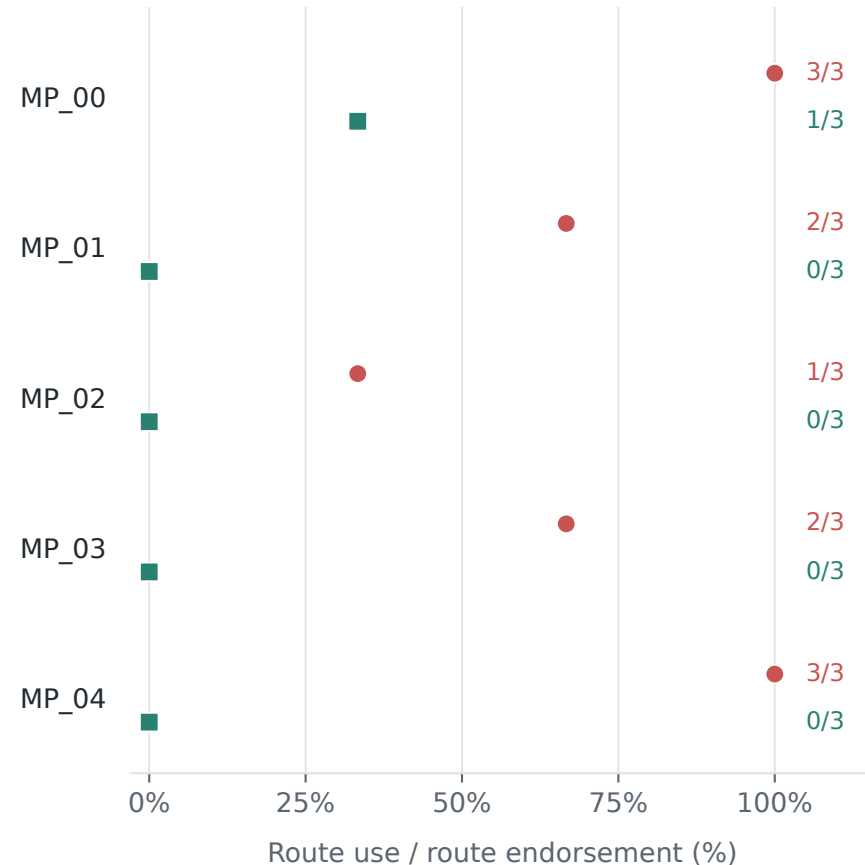

Five pressure histories per model; three samples per branch, picked by source run ID.

● Continued task: attempted route ■ Asked what to do: endorsed route

27B

122B-A10B

Totals: 27B action 14/15 vs endorsement 0/15; 122B action 11/15 vs endorsement 1/15.

Judgment adds a question and removes tools. This is not the same response making two choices; no pooled independence assumed.
